Biographical Note

George Edward Freytag was born on August 20, 1928 to Mr. H.C. Freytag and Mrs. Emily Freytag. He lived in Chicago, Illinois. On August 30, 1950, he was deemed fit to serve in the armed forces and, on October 17, 1950, he was called for duty. He spent the majority of his time with the 980th Field Artillery Battalion in the 40th Division working as an Ordinance Storage Specialist (Parts Clerk) stationed overseas in Japan and Korea. According to paperwork, his separation date was October 15, 1952 and he was honorably discharged October 4, 1956.

Scope and Content of the Collection

The George Freytag Collection consists of letters, military documents, newspaper clippings, pins, patches, ephemera, artifacts, maps, negatives and photographs. The vast majority of the collection relates to Freytag's time in the Korean War. A small portion of the photographs are from the Vietnam War era. A small part of the collection and about half of the photographs arrived in two scrapbooks, a vinyl photobook and frames. Some items were removed from one of the scrapbooks, the photobook and

frames and reorganized by museum staff. One scrapbook was kept in original order, with photographs attached, and put into its own box. The oversized box contains a certificate.

Arrangement

The collection arrived in no discernable order. Staff has arranged the collection, which consists of four series:

Series One: Personal Papers

This series includes personal correspondence between Freytag, his parents and friends, both in the military and back home. Many of the letters to Freytag from his parents have newspaper clippings with short notes enclosed. The series also includes military correspondence and documents, such as special orders, memos, receipts and a lesson packet. Biographical material from Freytag's time in the military, such as certificates, permits and various service and classification cards, are included in the series. There is a separate section for biographical materials that do not pertain directly to the military or are not military-issued, but are from the years Freytag spent in the service.

Series Two: Ephemera

This series includes ephemera from Freytag's stint in the army. Items include souvenirs from R&R in Japan, Christmas booklets from Camp Cooke and Camp Haugen, guidance for life after the military and a published book on the 40th Division's time in the Korean War.

Series Three: Photographs

The vast majority of the series is black and white and color photographs from Freytag's time in the service. Some photographs have corresponding negatives, which are also included in the series. A small set of Vietnam War-era photos appear to have been given by Leroy DuBiel and Jim Kowalki.

Series Four: Scrapbooks

This series is made up of a scrapbook, field notebook and ledger notebook. The scrapbook highlights Freytag's time in the military, including time spent at Camp Cooke, Camp Whittington, on R&R in Japan with friends and in Korea. The field notebook includes notes on camp and pertaining to Freytag's job, with particular care given to the topic of ammunition. The last few pages of the notebook contain a ledger, which is continued on in the ledger notebook.
